

TRIPOD SCREENS

- Newly Styled, Constructed to Last
- Fast and Easy to Setup.
- Flat Matte White Screen for Perfect Images
- Square or Wide-Format Screens
- Flame Retardant Materials Used
- Black Side Borders for Image Framing
- All Steel Housing and Legs
- Durable Chrome Plated Surfaces

These high quality tripod screens are easy for you to transport and use. They can be setup in less than a minute. Screen height is adjustable to fit the location. The flat matte surface is universally acceptable for producing perfect images and deploys smoothly during setup. The screens are available in square or the wide (4 by 3 video) formats.

| MODEL | SIZE | DESCRIPTION | SHIPPING WEIGHT LBS |
|----------|-----------|---|---------------------|

WALL SCREENS

- Long Lasting Contemporary Styled Screen
- Simple to attach to the wall
- Black Side Borders to Frame Your Image
- Easy Pull stops – Pull Down or Retraction
- Bottom Metal Beam for Flat Screen Surface
- Flame Retardant Materials
- Perfect Matte White Screen for Exceptional Images
- Accessory Brackets for Installations to fit your room
- Available in Two Formats, Square and Wide-Format

These screens will easily fit your classroom or facility. They have a universally acceptable flat matte, white screen surface that distributes the light evenly over the largest viewing area. This results in low glare and provides vibrant, bright colors with no hue shift or distortion. The screens can be mounted directly to the wall with 2 screws. In addition an optional short six-inch bracket is available to position the screen out from the wall thereby providing clearance for a whiteboard. To angle the screen further from the wall for keystone correction, an adjustable 12 to 22 inch wall bracket is available.
