CopyWriter Live

COMPACT
disc

Let CopyWriter Live bring digital quality audio to your church, school, studio, or boardroom! The CopyWriter Live combines the flexibility of cassette tapes with the quality and longevity of CDs, in one low-cost, easy to use unit.

You can record from practically any audio source, including live feed from a microphone, a cassette deck, a mixer, and many others. Make a high quality CD on the first try, every time, or make backup copies of audio or data for long-term storage. You can even span from disc to disc to record non-stop for hours on end.

The possibilities are endless!

Advanced Features:

- Standalone 20X CD Duplication with automatic format detection
- Record and Pause to create multiple tracks for playback
- Black set-top configuration with 2U rackmount kit included
- Audio CDs created play back in virtually any CD player
- Supported duplication formats include CD Rom Mode 1&2, CD-DA (Red Book), CD-ROM/XA, Mixed Mode, Multi-Session, HFS CD Bridge, CD Extra, Video CD

Spotlight On Churches & Media Ministry

“We have a whole series of Microboards equipment to print and burn discs - we’re making 400 masters per month, and burning an average of 5,000 CDs and DVDs per month, so we keep them busy.”

-Robert Rodriguez, Calvary Chapel, Diamond Bar California

“We chose Microboards because we plan to grow the number of discs we are using very quickly. We like products you can load a hundred discs in and walk away.”

-Mark Zuiderveen, Far Hills Community Church, Dayton Ohio

“When we started our research of equipment, Microboards came up over and over again. After one month from the installation of the Microboards equipment, our productivity doubled. Within four months, it quadrupled because the Microboards equipment could handle the volume easily.”

-Terry Storch, Fellowship Church, Grapevine Texas
